We are honored to have you with us on this transformative journey and are confident that your time at U.E.M.B. will be both enriching and rewarding. Welcome to the University of Excellence Management and Business (U.E.M.B.), where your potential meets world-class education.

U.E.M.B. BRIEF HISTORY:

C.E.M.B. which was upgraded to university status (U.E.M.B.), on 30 December 2022, had its genesis in 2010 when there was an unmet need for accredited, affordable, accessible, flexible and convenient, education and training for the working-class, in a welcoming environment. The sole founder and current principal, Dr. Stanley A. V. Paul rose to this capital-intensive challenge, in establishing C.E.M.B. as a holistic solution to satisfy this neglected segment of the Guyanese population and the rest is history.

On the 20th. December 2016, C.E.M.B. became a formal, legal, registered education and training provider, in Guyana and has since been priding itself in striking equilibrium between access to education and quality of education, in offering from secondary to tertiary, locally and internationally recognized and accredited, blended learning qualifications via world-class education and training, in student-centered classrooms for a fraction of their market value.

Though U.E.M.B.'s competitive advantage lies in its PRICES and CONVENIENCES, it has also been able to position itself, in the local and international market, as a hub of passionate and accomplished educators that serves to Inspire, Motivate, Support, and Encourage learners to learn.

Theirs is a UNIQUE educational experience to students, designed not only to help them thrive in and out of the classrooms but also to enhance their individual, intellectual, academic, entrepreneurial acumen and employability prospects.

U.E.M.B. VISION STATEMENT:

To quench academic thirst with elite education.

U.E.M.B. MISSION STATEMENT:

To match potential with locally and internationally recognized qualifications, via world-class education and training, in student-centered classrooms, for a fraction of their market value.

U.E.M.B. MOTTO:

Knowledge is Power.

U.E.M.B. CORE VALUES:

Equilibrium in Education: *Striking a balance between access to education and quality of education: time, cost, and location of education must not compromise its quality nor increase its cost.*

Integrity: *Upholding the highest standards of honesty and ethical behavior.*

Inclusiveness: *Fostering a diverse and supportive community.*

Innovation: *Encouraging creativity and critical thinking in all our endeavors.*
